Subject: Re: Voters' information questionnaire - Catholic Conscience

Good day and thank you for your email,

As a Catholic School Board Trustee I will continue to lead my life with integrity and to see that the Gospel message is at the root of this vocation. As an elected representative I will continue to uphold the responsibilities set out for us, which include:

1. Setting the goals and mission for the GSCS
2. Overseeing the Director of Education in creating and monitoring school budgets and setting clear expectations that the schools reflect a Catholic worldview
3. Ensuring there are adequate teachers/administrators/support staff for the division
4. Allocating resources to support teachers/students
5. Developing policies which support and encourage students academic, spiritual, and sacramental growth

As a Catholic community representative, I will continue to advocate for Catholic education and strive to ensure all students feel safe and welcome in their classrooms. I ask for your support that I may continue to serve the Catholic education community. Wishing you a great day!

Peace,

Sharon Zakreski - Werbicki
